# MAHAVIR VORA

Engineering Manager · Tech Leader · Full-Stack Developer

+91 971 433 6612 voramahavir@gmail.com
Ahmedabad, India linkedin.com/in/mahavir-vora

## PROFESSIONAL SUMMARY

Results-driven Engineering Manager and Full-Stack Developer with 10+ years of experience building and delivering scalable web applications. Hands-on contributor in Angular, React, Node.js, and .NET 8, actively involved in frontend and backend development alongside leading engineering teams. Proven track record in modernizing applications, implementing E2E testing strategies, and delivering high-quality products in fast-paced environments. Experienced in Agile delivery, AI-driven proof-of-concept development, and retail technology solutions deployed on Microsoft Surface devices.

## CORE COMPETENCIES

**Frontend:** Angular (v2–latest), React, TypeScript, JavaScript (ES6+), HTML5, CSS3, RxJS, NgRx

**Backend:** .NET 8, ASP.NET Core, Node.js, Express.js, PHP (CodeIgniter), RESTful APIs, WPF

**Databases:** MySQL, MongoDB, SQL optimization, database design & architecture

**DevOps & Tools:** Git, SVN, CI/CD pipelines, Azure DevOps, Visual Studio, VS Code

**Architecture Design:** Scalable web applications, component-driven development, performance optimization

**Leadership:** Team mentoring & coaching, Agile/Scrum, code reviews, cross-functional delivery, risk management

**AI & Emerging:** Generative AI integration, AI-driven POC development, LLM tooling exploration

**Testing:** Playwright, E2E Testing, Unit Testing (Karma, Vitest)

## PROFESSIONAL EXPERIENCE

### Engineering Manager Jul 2025 – Present

*Encora Inc.* · Ahmedabad, India

- Lead feature delivery and framework upgrades while contributing hands-on to Angular and .NET codebases for in-store retail applications.
- Mentor and coach engineers and tech leads, establishing high code quality standards and a culture of continuous improvement.
- Collaborate with product and business stakeholders to align engineering roadmap with operational and strategic goals.

### Senior Technical Lead May 2022 – Jun 2025

*Encora Inc.* · Ahmedabad, India

- Delivered multiple high-impact releases improving application performance and reducing defects across key modules.
- Architected and led Angular modernization program, migrating legacy codebase to the latest Angular LTS, improving performance and maintainability.
- Drove .NET migration projects, transitioning systems to .NET 8 and WPF, ensuring forward compatibility and reduced technical debt.
- Achieved full automated test coverage on complex modules including pinch-zoom and SKU management, improving release confidence.
- Contributed to AI-driven proof-of-concept initiatives, exploring GenAI capabilities to enhance product offerings.
- Oversaw end-to-end product development lifecycle — from technical planning through production deployment — managing timelines and risk.
- Mentored developers and tech leads, fostering a collaborative engineering culture through structured code reviews and knowledge-sharing.

### Technical Lead May 2020 – Apr 2022

*Encora Inc.* · Ahmedabad, India

- Led development of scalable front-end and back-end features, driving adoption of component-driven architecture.
- Independently delivered full backend projects including API design, MySQL database architecture, and PHP CodeIgniter implementations.
- Contributed to DotNetNuke performance improvements and advanced data visualization via SQL optimization.

### Senior Software Engineer Nov 2019 – Apr 2020

*Encora Inc.* · Ahmedabad, India

- Developed and maintained high-quality Angular and .NET components in a collaborative agile team environment.
- Introduced reusable UI component libraries, accelerating development velocity across the team.

### Software Engineer Jun 2018 – Oct 2019

*Encora Inc.* · Ahmedabad, India

- Built and shipped production features across full-stack applications using Angular, .NET, and PHP.
- Collaborated closely with cross-functional teams to consistently deliver client requirements on schedule.

### Software Engineer Sep 2015 – May 2018

*BrillBrains Technolabs* · Ahmedabad, India

- Developed web applications using CodeIgniter, Core PHP, and Angular, building RESTful web services for mobile and web clients.
- Worked across a full development lifecycle from requirements through deployment and post-launch support.

## KEY ACHIEVEMENTS

- Promoted 4 times in under 8 years at Encora — from Software Engineer to Engineering Manager.
- Led Sales Application project end-to-end, recognized for on-time, high-quality delivery with strong client satisfaction.
- Spearheaded Angular modernization and .NET 8 migration programs, reducing technical debt and improving system performance.
- Implemented automated testing strategy (unit + E2E) using Playwright and Karma, achieving full coverage on critical modules and improving release stability.
- Published technical article on npm package.json best practices — demonstrating thought leadership in the dev community.
- Recipient of multiple internal awards: Shine Award (×2), Team Excellence, and 5 Years of Achievement.

## NOTABLE PROJECTS

**In-Store Sales Application Suite** — End-to-end technical leadership for Angular + .NET 8 WPF applications deployed on Microsoft Surface devices for retail business teams. Delivered multiple releases with zero critical production incidents.

**Angular Modernization Program** — Planned and executed full migration of a large-scale Angular codebase to the latest LTS version, improving bundle performance, developer experience, and security posture.

**AI-Powered POC Exploration** — Contributed to multiple proof-of-concept initiatives integrating Generative AI capabilities into existing product workflows, evaluating feasibility for production adoption.

## EDUCATION

### Bachelor of Engineering — Computer Science & Engineering 2011 – 2015

*Sanjaybhai Rajguru College of Engineering* · Gujarat, India

## CERTIFICATIONS

- **Exam 480: Programming in HTML5 with JavaScript and CSS3** — *Microsoft*
- **Generative AI for Everyone** — *DeepLearning.AI / Coursera*
- **MongoDB SI Associate Certification** — *MongoDB University*

## PUBLICATIONS

*"A Developer's Guide to package.json: Best Practices from Basics to Mastery"* — *Encora Insights Blog*
